

Down to Earth

"Earth science learning for all"

Time travellers' Britain - Series 3 A 10-week course for adults At Eyre Chapel, Newbold, Chesterfield

KEY INFORMATION

DATE/TIME: Commences Thursday, January 11, 2.00-4.00 and runs until March 22 (no class March 1)

LOCATION: Eyre Chapel, Newbold Village, Chesterfield, S41 8RJ
Train: Chesterfield 1 mile, buses nearby.

COST: £60.00 for the full 10-weeks or pay £7.00 per session. Add in full access to the accompanying online course for an additional £20.00.

LEVEL: This course is designed for anyone wanting to know more about the geology of selected parts of the British Isles. Some basic geological knowledge would be an advantage, though not essential.

DELIVERY: This course will make use of specimens, diagrams, maps and photographs. Some sessions may involve practical work. You'll be encouraged to work in small groups and ask questions.

ACCESS: Ground floor meeting room, with level access.

BRING: Hand lens, paper, pen and pencil

TUTORS: Chris Darmon

COURSE OUTLINE

- **Arran the geologists' paradise** - from the Dalradian to the Tertiary volcanics and Quaternary glaciation
- **Malvernian mysteries** - discover why the Malverns are the UK's highest mountains!
- **An ancient ophiolite complex in Scotland** - the geology of the Ballantrae and Girvan area
- **Darwin's geological journeys** - Charles Darwin the geologist and his British travels
- **Ardnamurchan, a great volcanic story** - from explosions to flood basalts
- **The Lake District** - the geology of a World Heritage landscape
- **The Llyn Peninsula** - Snowdonia's rich and varied near neighbour
- **The English Riviera Geopark** - volcanoes, coral reefs and desert floods
- **Henry de la Beche** - a man on a mission to survey the rocks of England
- **The Jurassic Coast** - the rocks and fossils of Dorset
